

Artwork  
inspired  
by  
Frank  
Stella

# Today you'll need:

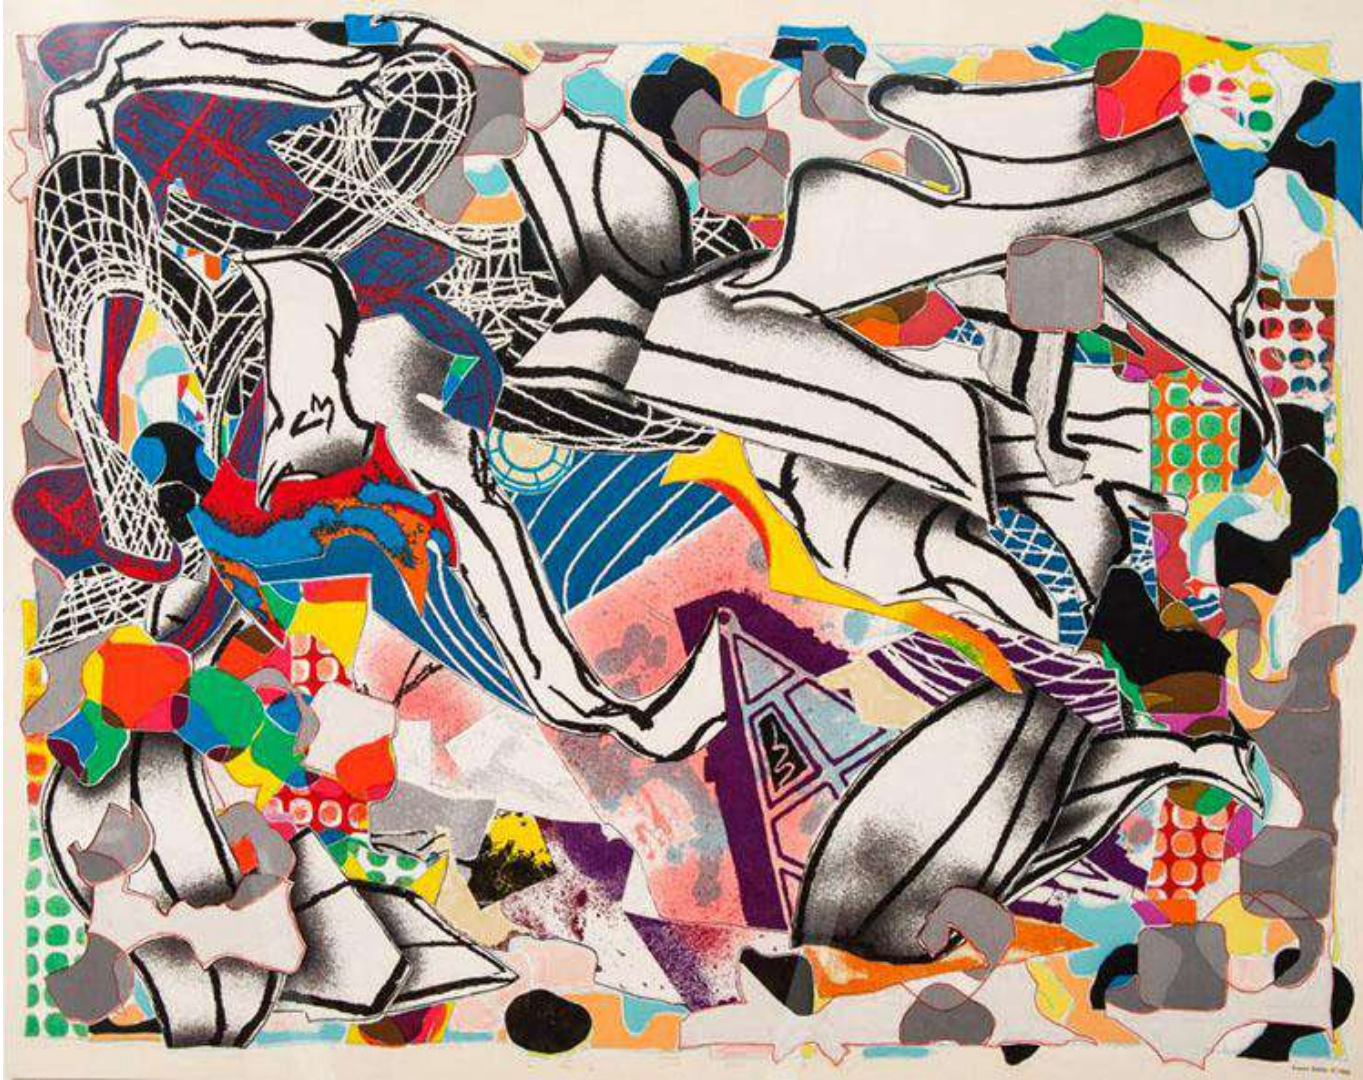

- Colourful or patterned paper (recycled paper is great).
- Coloured pens, pencils, paint or any other coloured materials of your choice.
- Scissors
- Glue
- Card/card board if you have it.

# Start by making sketches of Frank Stella's sculptures.

- Spend 2 minutes capturing the whole shape of one of his sculptures.
- Spend 2 minutes looking at the negative spaces.
- Spend 1 minute making a continuous line drawing.

Now select a few sheets of paper and experiment with materials, covering each piece of paper in a different pattern

Try doing some collage, painting, drawing, make rubbings and even try some stamping or printing techniques.

Now cut out some spirals and shapes inspired by Frank Stella out of your decorated paper.

Stick them together to make a Frank Stella inspired relief sculpture.
